# Grout Renue'N'Seal™

PERFECT EVERY TIME

## Renue, Re-Colour and Seal Existing Grout

- ✓ Maximum Stain Resistance
- ✓ Epoxy-Modified Rapid-Seal™ Formula
- ✓ For Domestic & Commercial Use
- ✓ Effective for interior & exterior use

Use for: Existing Sanded, Unsanded and Epoxy Grout where maximum stain resistance and colour rejuvenation is desired.

## Renew, refresh and revitalize your tiling with Grout Renue'N'Seal™

So often perfectly good tiling is ruined by unsightly grout joints. Removing and replacing old grout is a difficult, problematic and time-consuming process. With Grout Renue'N'Seal™ you can easily restore the grout to its former glory and seal it at the same time, making it easier to clean in the future.

### Description

Grout Renue'N'Seal is a high-quality, epoxy-modified, single-part formula designed to renew, re-colour and seal existing grout. Renue'N'Seal utilizes the latest rapid seal STC™ technology to provide maximum stain resistance in 24 hours. It is non-flammable, non-toxic and easy to use. Allows moisture vapour transmission (MVT). For interior and exterior use.

### Coverage Chart\*

Tile Size	Joint Width				
	3 mm (1/8")	4.5 mm (3/16")	6 mm (1/4")	9.5 mm (3/8")	12 mm (1/2")
25x25mm (1"x1")	7 m <sup>2</sup> (75 sq ft)	5 m <sup>2</sup> (54 sq ft)			
75x75mm (3"x3")	14 m <sup>2</sup> (150 sq ft)	8 m <sup>2</sup> (86 sq ft)			
100x100mm (4"x4")	19 m <sup>2</sup> (204 sq ft)	9 m <sup>2</sup> (100 sq ft)	7 m <sup>2</sup> (75 sq ft)	5 m <sup>2</sup> (54 sq ft)	
150x150mm (6"x6")	21 m <sup>2</sup> (226 sq ft)	10 m <sup>2</sup> (110 sq ft)	9 m <sup>2</sup> (100 sq ft)	7 m <sup>2</sup> (75 sq ft)	
200x200mm (8"x8")	23 m <sup>2</sup> (250 sq ft)	12 m <sup>2</sup> (130 sq ft)	10 m <sup>2</sup> (110 sq ft)	8 m <sup>2</sup> (86 sq ft)	
300x300mm (12"x12")	28 m <sup>2</sup> (301 sq ft)	14 m <sup>2</sup> (150 sq ft)	12 m <sup>2</sup> (130 sq ft)	9 m <sup>2</sup> (100 sq ft)	7 m <sup>2</sup> (75 sq ft)
450x450mm (18"x18")	42 m <sup>2</sup> (452 sq ft)	26 m <sup>2</sup> (301 sq ft)	23 m <sup>2</sup> (250 sq ft)	14 m <sup>2</sup> (150 sq ft)	9 m <sup>2</sup> (100 sq ft)
600x600mm (24"x24")	56 m <sup>2</sup> (603 sq ft)	37 m <sup>2</sup> (398 sq ft)	30 m <sup>2</sup> (322 sq ft)	19 m <sup>2</sup> (204 sq ft)	12 m <sup>2</sup> (130 sq ft)

\* Coverage values are approximate and for guidance only. Actual coverage will vary depending on joint width, tile size, density, porosity, texture and absorption of surface and weather/climate conditions as well as the application method and number of coats required.

## Application Instructions

1 Clean the grout using a good cleaner such as Xtreme Clean™ by All for Stone. Sometimes on old grout, and on heavily polymer-modified grout we recommend using an acidic cleaner such as All for Stone Phos Acid Cleaner (diluted) to give additional key. Make sure there are no acid sensitive surfaces e.g. marble or limestone that may come into contact with acid based cleaners.

2 Apply the Grout Renue'N'Seal™ with a Grout Renue'N'Seal™ application brush, tooth brush or sponge applicator, using a gentle back and forth motion to ensure good contact with the prepared grout joint.

3 Wipe off excess using a dampened sponge pad within a few minutes. (Occasionally if the product has been allowed to dry for longer, then a white nylon scrub pad and a little water can be used, see bottle for detailed instructions).

4 Results! Finished job, with grout joints refreshed, uniform in colour, and sealed!
